PROFILE

Backend engineer focused on designing dependable Java and Python systems. I enjoy turning complex ideas into clear APIs, scalable data flows, and thoughtful products with strong foundations in DSA, OOP, DBMS, and system design.

SELECTED PROJECTS

Cricket Connect | Full-stack sports platform

Built a platform connecting cricket enthusiasts, local teams, and academies through player registration, match discovery, bookings, and coach approval workflows.

TECH Java, FastAPI, Redis, full-stack development LIVE cricket-connect-fastapi.vercel.app

Blue Signal | AI hazard intelligence

Led backend development for an AI-powered flood response and hazard-monitoring system, designing a scalable pipeline for real-time multimodal environmental data.

TECH Python, AI/ML, Docker, system architecture LIVE blue-signal.vercel.app

Earthquake Mapping | Live data visualization

Created an interactive geographical mapping tool that processes live USGS RSS feeds for real-time seismic data parsing and visualization.

TECH Java, OOP, live feeds, data parsing

EXPERIENCE

AI-ML Virtual Intern | Jan 2025 - Mar 2025

Explored predictive analysis with TensorFlow and Python, working with real-world datasets and model optimization.

TOOLS TensorFlow, Python, machine learning

AWS Cloud Intern | Jan 2026 - Mar 2026

Worked with EC2, S3, and RDS while architecting secure cloud solutions and learning IAM, reliability, and cost optimization.

TOOLS EC2, S3, RDS, IAM

TECHNICAL SKILLS

Languages: Java, Python, SQL, JavaScript **Backend:** FastAPI, Flask, WebSockets, REST APIs

Data & infrastructure: PostgreSQL, Redis, Docker, AWS **Foundations:** DSA, OOP, System Design, DBMS

EDUCATION & CERTIFICATIONS

B.Tech in Computer Science (AI & ML) | G. L. Bajaj Institute of Technology and Management | 2023 - 2027 | CGPA: 7.6 / 10.0

Introduction to Cybersecurity (Cisco Networking Academy) · Learn Coding with Java from Scratch (Udemy) · Git, GitLab, GitHub Fundamentals (Udemy) · Introduction to MongoDB (MongoDB University) · Object Oriented Programming in Java (Coursera, UC San Diego)
